Relevant Coursework

Calculus I, II (Math 151,152)

Linear Algebra (Math 250)

Honors Physics I, II

(Physics 271,272)

Classical Physics Lab

(Physics 275, 276)

Intro To Comp Sci (CS 111)

Data Structures (CS 112)

Discrete Structures I (CS 205)

Discrete Structures II (CS 206)

Computer Architecture (CS 211)

Software Methodology (CS 213)

Systems Programming (CS 214)

Programming Languages (CS 314)

Info & Data Mgmt(CS 336)

Algorithms (CS 344)

Distributed Systems (CS 417)

Intro to AI (CS 440)

SPOKEN LANGUAGES

Able to speak publicly, read, and write fluently in **English** and **Korean**. Basic communication in **Spanish** and currently learning **Chinese**.
